“Effects of Sexual Assault on Health”

On 7th August, 2018

By

Dr. Sukhleen Kaur

(MBBS Doctor)

Civil Hospital, Budhlada

A talk on “Effects of Sexual Assault on Health” was conducted by anti sexual harassment cell of Guru Nanak College, Budhlada on 7th August, 2018. The entire programme was coordinated by Dr. Sandeep Kaur and Dr. Sukhwinder Kaur, members of the Cell. The objective of this lecture was to enlighten the students about the effects of sexual harassment on physical and mental health.

The lecture was delivered by Dr. Sukhleen Kaur (MBBS Doctor, Civil Hospital, Budhlada) about the effects of sexual assault on physical and mental health. She said that Victims of sexual harassment can suffer from significant psychological effects, including anxiety, depression, headaches, sleep disorders, weight loss or gain, nausea and lowered self-esteem. She explained that sexual harassment is considered a “Chronic Stressor”, because it’s typically sustained over time. She also talked about the repeated trauma that occurs even with singular assaults. She said that secondary trauma occurred when the victim reports the event to someone in authority and that person does not take any appropriate steps to address the situation. The lecture was attended by 74 students.

Dr. Sandeep Kaur concluded the programme and thanked the resource person for sparing her valuable time and enlightening the students on such sensitive issue.
