

Student Orientation and Induction program

IQAC team, Guru Nanak College Budhlada, has been engaged in organizing induction programmes. The orientation and induction programmes are organized every year before commencing the session. This programme is initiated by Principal followed by HODs and Cell conveners. The objective of these orientation and induction programmes is to acquaint, the newly admitted students, with college life, course curriculum, examination system etc. Besides offering a flavor of college life, the programme provides a vital information about time table of examinations, course work load etc. The programme also sheds light on research opportunities available in different departments. The information is imparted in a simple, non-technical and in a relatable language. The orientation programme also serves to create a sense of community among the students and teachers. The college has divided the orientation programme into two parts: Introductory Programme & Orientation Programme. Introductory Programme is to be conducted on day time. It provides an opportunity for the students to get acquainted with college academic environment, College rules and regulations, academic calendar, College rate of knots & approach etc. The orientation programme also provides information about various co-curricular activities of Guru Nanak College Budhlada like Literary Festival, sports event etc. Orientation Programme is organized especially for first year students, during the beginning of the session. It provides an opportunity to know about the college academic environment, College rules and regulations, academic calendar, College tempo and approach etc. The Academic Calendar gives a general overview of events like dates of examinations, beginning and ending tentative dates of semester exams etc.
